Statement on suitability for contact with foodstuff

We certify that our ptfe products made of the virgin ptfe free flow resin we buy from the most reliable worldwide producers, can come in contact with foodstuffs as per the following requirements:

Italy regulations	Department Decree Law 21/03/1973 and following revisions;
EC regulations	2002/72/EC, 2004/19/EC, 2005/79/EC, 2007/19/EC, 2008/39/EC, 975/2009/EC; after being approved in the national laws;
USA regulations	FDA, Food and Drug Administration, Department of Health and Human Services, Code of Federal Regulations 21 CFR Ch. 1; USA regulations sections 175.105 - 175.300 - 176.170 - 176.180 - 177.1520 - 177.1550 (a) (1) and (b)-Perfluorocarbon Resins - 177.2600 - 178.3570.

The user must verify that the finished item, made of the semifinished product, would be technically suitable for the requested application. The user must also verify that the finished item may not cause any modification to the organoleptic properties of the foodstuff and that the item's technological fitness it is assigned to, may be guaranteed.

For each foreign country market, where the articles are introduced into, it is responsibility of the user to determine whether both material than articles would comply with the applicable laws and regulations.
