Hydroma® Quality Cutting Boards

do not contain any of the 191 substances stated in the current [candidates' list \(press release ECHA/PR/18/11 dated 27th June 2018\)](#) in a non-conform single concentration of more than 0,1 in percentage of weight.

Should the [candidates' list](#) be changed and substances new listed there be contained with a non-conform percentage in weight in our products, we shall inform you of the same.

Please note: Generally, traces of undesired substances that are ubiquitous in minimal quantities through propagation can never be completely precluded from our products. Moreover, we point out that analytical monitoring of our products for any potential contamination is not the subject of our outgoing inspection.

You will find further information concerning this on our website www.roechling.com and under www.echa.europa.eu.

We will be only too glad to answer any of your queries.
